### DOCUMENTATION

Essencia body massage oils are a combination of aromatic beauty oils containing non-refined sweet almond oil as a base, associated with 5 % therapeutic quality essential oils. These combinations bring much needed nourishing and balancing elements to the skin, as well as equilibrating subtle vibrations.

#### **BODY CARESSING OIL**

Sensual massage oil containing sweet almond and hazelnut oils, and essential oils of rosewood, lavender and orange to make your skin satiny soft and supple.

#### **CALMING OIL**

Contains sweet almond oil and rose hip oil from Chile, along with essential oils of chamomile, lavender, orange and pine to help you unwind, release nervous tensions and fight insomnia.

#### **GERANIUM OIL**

The essential oils of geranium bourbon and tea tree are recognized for their anti-inflammatory and mosquito repellent properties, while the oils of sweet almond and rose hip from Chile work to keep your skin soft and smooth.

#### **INVIGORATING-TONING OIL**

This formula's exceptional properties help increase energy levels and tone the skin. The essential oil of geranium is a calming antiseptic for the skin, mint is an effective tonic that helps fight fatigue, and rosemary stimulates memory. Also contains sweet almond and sunflower oils.

#### **RHEUMATISM OIL**

The essential oils of rosemary, thyme, spike, marjoram and mint are very effective in relieving arthritic pain, lumbar pain and sciatica. The oils of sweet almond and sunflower complete the beneficial therapeutic action of this massage oil.
